# Organizational chart and processes

## **Nature and Extent of involvement of Faculty and students in academic affairs/improvement**

Teachers play a major role in the decision-making, planning, implementation; participate in the academic and administrative functions of 18 committees and 4 cells of the Institution. IQAC collects inputs from these committees while making strategic academic planning as the teacher is the key executor of it. Teacher also holds responsibility for examining and assessing the students in a transparent way and in time with adherence to regulation.

The college counsels the students soon after the admission and they are categorized as slow and advanced learner based on their performance in the qualifying examinations. Subsequently categorization of students is made based on the performance of students in the Continuous Internal Examination (CIE). For the higher semester's students, the results of lower Semester End Examination (SEE) are considered to categorize the advance and slow learners. Remedial classes are conducted for slow learner for improvement of results. Advance learners are motivated to participate in paper presentation and also to carry out innovative projects. The Institute has adequate and qualified faculties maintaining proper student: Teacher ratio to ensure and sustain good quality in teaching. The Institution practices blended teaching learning processes from chalk-and-board to smart board. Faculty members make use of Information and Communication Tools (ICT) for effective teaching. Mentorship concept is in practice and a group of 8 to 20 students is assigned to each faculty. Institution has well qualified and dedicated faculty members having an average experience of 14-15 years and more than 33% of the faculties are Doctorates from the reputed Universities. Internal evaluation is robust and transparent. Evaluation of the student is carried out through three Continuous Internal Evaluation Examination (CIE), assignments and Semester End Examinations (SEE). The Institution has demonstrated very impressive results in the University Examinations and the average result is 89%. Course outcome and Program outcomes is evaluated based on student's performance in the Continuous Examination (CIE) and Semester End Examination and exit survey.

## **Mechanism / Norms and procedure for good governance**

The principal is Member Secretary of the Governing Council of the institution and convenes the meeting of Advisory Committee every month, the policy decisions of the advisory committee are considered for implementation. The vision and mission of the institution have been framed in discussions with Internal and External stake holders. Different Committee/Cells are constituted to conduct various activities effectively. The institution promotes decentralization and participative management in most of the activities related to the effective running of the institution.

The institution has deployed perspective plan for Industry readiness and skill enhancement programs for students by signing of MOUs with industries. The Institution has a well-structured organizational hierarchy that oversees and supports the decision making. The institution also implemented e-governance in the area of operation. Different welfare schemes are in practice to support the staff which includes EPF, ESI, salary advances, Medical/Maternity leave etc. On average 20% faculty members have attended Conference/Workshops with financial support and on average 30% of faculty members have attended Professional Development Programs during last five years. The institution organized professional development/administrative training Programs each for teaching and non-teaching staff every year. The institution has well defined Appraisal System for staff including teaching & non-teaching faculty members.

The institution has made budgetary provisions for academic activities and its optimum utilization is monitored through regular audits. Institution has constituted IQAC on 2nd August, 2019 for quality assurance, sustenance and improving academic standard and promoting research activities.

#### **Student feedback mechanism:**

Feedbacks are collected periodically using surveys, comments, student counselling and other student participatory activities.

### **Internal Quality Assurance Cell**

As an accreditation quality sustenance measure as prescribed by the NAAC, the college established the Internal Quality Assurance Cell (IQAC) under the auspices of RTE Society's Rural Engineering College, in 2019. The IQAC being an integral part of the college works towards realizing the goals of quality enhancement by developing a system for conscious, consistent and catalytic improvement in different aspects of functioning of the college.

The IQAC assures the stakeholders i.e., students, parents, teachers, staff, Management, employers, funding agencies and society in general – of the accountability and transparency in the quality management system of the institution and its concern for ensuring quality of education being imparted.

Internal Quality Assurance System is a step towards Excellence. The IQAC of RTE Society's Rural Engineering College, organizes orientation programmes for faculty, administrative staff and the students. It conducts open forum to provide inter face between students and officials of the college. It conducts staff assessment and exit poll to provide valuable feedback for quality sustenance and improvement in teaching, learning, evaluation and research experiences in the college. It documents and reports various activities of the college for various higher education requirements. A continuous follow up has been made on infrastructural resources of the college to assure adequate, appropriate and better facilities to assure conducive and enabling environment for teaching, learning, evaluation and research. Through all these measures the IQAC happens to be one of the important components of the college which ensures quality and continuous improvement in all the units / aspects of the college

## **Vision**

To develop systematic Quality processes in the college for evolving, enhancing and sustaining excellence in its academic and administrative practices and to set benchmarks for their periodic evaluation.

## **Mission**

## **Internal Continuous Evaluation**

The Institution is affiliated to Visvesvaraya Technological University (VTU), Belagavi Karnataka and follows the Rules and Regulations prescribed by the university for the Continuous Internal Evaluation (CIE). The student's performance is evaluated through Continuous Internal Evaluation

### **Mechanism of Continuous Internal Evaluation:**

The examination and evaluation are carried out as per the Standard Operating Procedure issued by the Visvesvaraya Technological University (VTU), Belagavi to ensure fair and transparent conduct of Continuous Internal Evaluation. The CIE marks shall be awarded based on performance in the tests.

### **Continuous Internal Evaluation Process:**

The academic calendar of institution is circulated to all the staff and students. The pattern of the question paper, scheme of evaluation for CIE is discussed at the beginning of the semester. The concerned faculty prepares question papers and scheme of evaluation. The IA tests are conducted as per schedule and evaluated as per the scheme. The internal assessment answer scripts are distributed to students in the class after every test and any clarification are carried out instantly and the finalized marks approved by the concerned Head of the Department and Principal are displayed on the notice board.

**Robust Assessment:** The Continuous Internal Evaluation is made more robust to enhance students' overall performance. For advanced learner portion to be covered for the CIE test will be discussed well in advance along with the important questions by making them aware of course outcomes and blooms taxonomy levels, whereas for slow learners' important questions will be discussed and solutions are provided to prepare them to compete with the advance learners

**Sub: Extension of approval to RURAL ENGG COLLEGE, HULKOTI-582205, GADAG TALOK DHARWAD DISTT. KARNATAKA, for the year 2005-06-reg.**

Sir/ Madam,

As you are aware, All India Council for Technical Education has been mandated under the AICTE Act, 1987 to ensure **maintenance of norms and standards** with regard to technical education in the country. In exercise of this mandate, the Council insists on fulfillment of the minimum requirements prescribed for imparting technical education by the institution so that **quality of courses** is not compromised and stakeholders are satisfied. The Council also undertakes an **annual Inspection** of the institutions and conveys deficiencies to them for **rectification**.

It has been observed however that notwithstanding the Council's **repeated advice** to comply with minimum norms and standards, many institutions continue to be **complacent** about taking steps to remedy the deficiencies.

Such institutions suffer from **critical deficiencies** of faculty in proper cadre ratio, qualification, experience and other requirements. Feed back of students with regard to quality of education imparted by such institutions has evoked grave concern. The Expert Committees, following **holistic appraisal** during inspections, have also pointed out severe shortcomings

The institution has been found to be suffering from several deficiencies, which are listed in **Annexure-A** for your perusal. Shortage of faculty is of gravest concern.

The deficiencies in respect of faculty (Including proper cadre ratio & qualification etc.) could have rendered your institution liable for punitive action including being placed in no admission/ reduced intake category. However the Council has decided to take a lenient view and give you yet another **last opportunity** to rectify the deficiencies particularly with regard to faculty shortage, proper cadre ratio & requisite qualification. Course-wise approved intake in respect of **RURAL ENGG COLLEGE, HULKOTI-582205, GADAG TALOK DHARWAD DISTT. KARNATAKA**, your institution for the year 2005-06 is as under: -

approval is subject to your rectification of deficiencies latest by August end, 2005. A compliance report indicating rectification of deficiencies and details of faculty recruited for each course must be received by the Council, with a copy to concerned Regional Officer latest by **31<sup>st</sup> August, 2005** to entitle your Institution for **extension of approval** for the year **2006-07**.

The compliance report must be accompanied with a **visiting/processing fee** as prescribed by the Council in the form of demand draft in favour of **Member Secretary, AICTE payable at New Delhi**. In the absence of the processing/visiting fee, the compliance report may not be entertained.

Following the compliance report, the Council would verify the status in respect of rectification of deficiencies through physical inspection without any prior intimation. The institution should therefore be prepared for random inspection without any prior notice. Extension of approval for the year 2006-07 shall be dependent on the compliance report and the outcome of the surprise inspection.
